Sir:

Listed on accompanying IDS Forms PTO/SB/08A and PTO/SB/08B are documents that may be considered material to the patentability of this application as defined in 37 C.F.R. §1.56, and in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.97 and 1.98.

Copies of documents, **FP1** to **FP8** and **NPL1**, are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of the U.S. patents and patent application publications, cited on the attached IDS Form PTO/SB/08A as documents **US1** to **US11**, are not submitted.

In accordance with 37 C.F.R. § 1.98(a)(3), Applicants' undersigned representative submits the following concise explanation of the relevance of the non-English language documents, **FP4** and **FP5**, cited on Form PTO/SB/08A:

Document **FP4**, WO 01/78681 A1, is in the Japanese language. An English language abstract of document FP4 is provided on the facepage of the document. Also, a corresponding English language document is provided as U.S. Patent No. 6,761,895 B2, cited as document **US11** on Form PTO/SB/08A.

Document **FP5**, WO 2004/006937 A2, is in the French language. An English language abstract of document FP5 is provided on the facepage of the document.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
